

University Guidance Programme

Our University-Guidance programme provides support for students in their decision making and application process for university or colleges in the country of their choice. In addition to individual counselling, there are a number of workshops and presentations run by our University Advisors for students and parents, to help in planning and making decisions around university choices.

Our Educators

Students will not only learn from experienced high school teachers but also from Professors of the adjoining University. Our highly qualified, experienced, passionate, communicative, warm and inspiring faculty share knowledge and practices with professors and other teachers and leaders in the SIS Group of Schools. Collaboration is an important aspect that is embraced at VSIS, teachers work closely with their students and guide them to achieve extraordinary goals.

VSIS Junior College Campus

The VSIS campus is located within 2.5 hours driving distance from Mumbai and Pune with extensive lodging and boarding facilities, making it the ideal institution for weekly boarding. Students can visit home every weekend and save travel time daily during the week. The saved time could be used for pursuing and learning new knowledge and for the development of more skills. The campus is nestled in a beautiful valley surrounded by mountains and greenery. It is extremely breathtaking to see how nature meets with contemporary infrastructure and technology to create a truly unique campus designed to promote teaching and learning of 21st Century skills. This inspiring atmosphere is combined with extensive sporting facilities, including a riding school and an elaborate foundation supporting music, design, engineering, law and business education.

Students will be able to participate in University events and activities such as fests, debating competitions, sporting competitions and more. They will also collaborate with students in other SIS Schools in other cities and countries, creating a truly unique international experience.

For students who are still working towards the expectations of the subject, VSIS has an Academic Support Programme, where teachers will give individual support and attention to the student, outside of curriculum time. This allows them personalised attention and the ability to work towards subject goals in an encouraging environment. We encourage parents to provide feedback on our students' experiences - academic, social and emotional. This steady interaction with parents forms the backbone of our educational experience to ensure that children.

Junior College Programme

VSIS offers University ambience at the high school level – liberty from things such as strict time tables, uniforms, assemblies and school bells. A strong collaborator in Singapore International Schools with 25 years of proven results and deep experience in delivering the Cambridge A level program. An international syllabus with a wider choice of courses from the areas of Music, Business, Data Science, Science and Mathematics. With options to accelerate the University degree program by early opting for Level 1 courses and new age courses, such as Design Thinking, Sustainability, Data Science, Photography, Movie Making, Drone Piloting, Drone Technician and more.

The VSIS JC Program also builds qualities needed for the 21st century through our PACE initiative.

Perseverance:

We help our learners to understand adversity and persevere. We work with them very closely in their journey towards their own goal.

Analytical Thinking:

Students are taught to analyse before solving problems. They test predictions and generate solutions. They learn to plan, prioritise and act.

Communication and Collaboration:

Students are given opportunities to work in teams. They learn about collaboration and communication skills.

Entrepreneurism:

SIS students will apply their knowledge across many disciplines. They will be exposed to the fundamentals of entrepreneurship.

We also offer guaranteed admission to one of Vijaybhoomi University's programs and/or to programs offered by IFIM college and IFIM Law School in Bangalore. Thereby reducing the anxiety for students and providing parents with the peace of mind that their child's educational future is intact.

At Vijaybhoomi University the student would have the option to choose from professional degrees offered by

- Jagdish Sheth School of Management (JAGCOM) – an AACSB accredited institution offering BBA and MBA
- Insofe School of Data Science – Offering BTech AI, BE Computer Science
- School of Science and Technology offering BE Software Engineering
- School of Law offering a 5 year integrated BBA LLB program accredited by BCI
- True School of Music offering BMusic, BSc Sound Engineering
- Plus international pathways to world renowned universities such as:
 - University of Wollongong
 - SUNY, Albany
 - ESCP Europe
